

Employer Workshops – Questions and Answers

No.	Question	Answer
1.	How are these workshops expected to add to the research that is already underway to support the evaluation of liP?	We wish to test the existing research & do some more qualitative analysis with groups of employers
2.	Is the focus on testing the research findings with business users?	yes
3.	Are we right to assume that the budget for the workshops specified in the ITT is for content development and delivery only ie excludes the cost of hosting and organising the events?	Yes, the event management will be dealt with separately – this is purely about facilitating the process
4.	Are the workshops expected to be held in all four nations and/or in different parts of England?	Any part of the UK is within scope
5.	Would you expect suppliers to include the cost of venue / room hire for the workshops within a proposal?	No
6.	Output 1 within the ITT refers to consulting with employers and key stakeholders. Do you already have an identified list of employers and key stakeholders or is this something you would expect suppliers to research?	We will provide the list of employers & stakeholders
